THE WEEKLY NATIONAL WHIG, Two Dollars per
annum, invariably in advance.

THE WEEKLY NAT. WHIG.

One of the largest newspaper in the United
States, will be what its name indicates. It will
speak the sentiments of the Whig Party of the Uni-
on upon all the questions of public policy now be-
fore the country and to come before it.
It will advocate the election of

MAJOR GENERAL
ZACHARY TAYLOR,
OF LOUISIANA.

the Hero of the Rio Grande, Monterey, and Bu-
ena Vista, to the next Presidency, for which we be-
lieve he has already been nominated by acclamation
in the hearts of his grateful countrymen. But while
we advocate the election of this distinguished and
whole-souled Whig, who has
proved himself to be the greatest Captain of the
age in a series of battles without parallel in the
annals of warfare, and who, in his despatches has
exhibited a power of intellect and soundness of
judgment unsurpassed in the history of the human
mind, we freely throw open our columns to the
discussion of the merits, by his friends, of the
other many eminent men, of the Whig party whose
names have been associated with the Presidency.
While Major General Taylor is our choice for the
Presidency, whom we believe no earthly power
can prevent the people from elevating unanimously
to the first gift in their choice as a token of their
appreciation of his true greatness, we shall be
guided by the voice of the great Whig party of
which we are but a humble member, and, if it
should, in the course of events, be ordered that
any other person than the man of our preference
shall be selected as our candidate, we shall yield
him our cordial support.

The Weekly Whig will attack at every assailable
point, and ceaselessly, all the measures of the
present administration of public affairs which shall
be deemed to be adverse to the interests of the
country, and will expose without fear or favor the
corruptions of the party in power.

The columns of the Weekly Whig will be open
to the pens of every Whig in the country for the
discussion of the great political and other questions
of the day, and to every Democratic pen, too, in-
terested in enlightening the public mind respecting
the corruptions and imbecility of the men to whom
in an evil hour, the Democratic party intrusted
the power of the Government.

The subscription price of the Weekly
National Whig is two DOLLARS per annum,
payable always in advance.

Letters containing money for the Weekly
National Whig, must be addressed to the prop-
rietor, C. W. FENTON, and must be post paid.

Any person sending the money for ten
copies, will be entitled to one copy gratis.

Due notice will be given of the appear-
ance of the first number of the Weekly Na-
tional Whig, meantime, our weekly subscrib-
ers will be furnished with the tri-weekly.

The publisher has delayed the issue of the
Weekly to enable him to commence in the
first number, The Life of Major General Zach-
ary Taylor, which is preparing for the press.

DR. WOOD'S SARSAPARILLA AND WILD CHERRY BITTERS.

Impaired Digestion, Morbid state of
the Liver and Stomach, Weakness
of the Nervous System, and a
disordered Habit of

circulation, strengthening the system and
facilitating digestion, Dr. Wood's Sarsaparilla and
Wild Cherry Bitters will restore the most confirm-
ed invalid to health. Where either these effects
are necessary to the restoration, the "Bitters" will
be found to possess every quality desired.
They have been used already with the greatest
success, in many obstinate cases of impurity of the
blood, nervous irritation, Dyspepsia, low spirits,
Scrofula, palpitation of the heart, chronic head-
ache and Rheumatism. They are indeed a happy
combination of powerful, yet safe and salutary
vegetable remedies, of a sterling and unimpeach-
able reputation. They have won their popularity
solely by their intrinsic merits, and that they have
been successful, numerous certificates are in the
hands of the proprietor, and the greatly increasing
sales fully attest. Those desirous of an agreeable
yet efficient tonic or alternative medicine, need
seek no further, for in this preparation they will

TRIUMPHANT SUCCESS.

CONSUMPTIVES, remember that it is Thom-
son's Compound Syrup of Tar and
Wood Naphtha, which is daily effecting such
remarkable cures in pulmonary consumption,
asthma, bronchitis, spitting blood, pain in the side
and breast, sore throat, hoarseness, palpitation of
the heart, whooping cough, croup, nervous trem-
ors, hives, liver complaint, diseased kidneys, &c.

Therefore beware of all spurious mixtures of
Tar or Naphtha, and purchase of the advertised
agents only.

ANOTHER WONDERFUL CURE!

Philadelphia, April 9, 1846.

Last August a year, I was caught in a shower of rain.
A circumstance so common gave me no immediate
concern, supposing that I should soon get rid of it.
On the contrary, however, I daily grew worse; a
violent cough set in, then pain in my breast and
between my shoulders. I now suffered great oppres-
sion from the great secretion of purulent mat-
ter in my lungs. I became greatly alarmed; and my
friends considered my situation extremely
critical, the more so as loss of appetite, hectic
fever, and night sweats rendered me as weak as
a child, and at night the sweat literally poured off
me! This was my condition when I commenced
using "Thomson's Compound Syrup of Tar and
Wood Naphtha." I procured one bottle, and ex-
perienced so much benefit that I resolved to con-
tinue it. It is now six months since I ceased using
the medicine, and the cure remains perfect. I
firmly believe this medicine is far superior to
every other remedy for Consumption of the Lungs.
I am, Affirmed and subscribed this 9th day of April,
1846, before me.

JOHN SWIFT, Mayor of Philadelphia.

This invaluable remedy is prepared only
by Angus & Dickinson, (successors of S. F.
Thomson) Philadelphia.

Sold also by Charles Stott, Washington, B.
Rush Roberts, corner Baltimore and Hanover
streets, Baltimore; Duval & Purcell, Richmond,

WINNER STYLES.—We would an-
nounce to members of Congress and strangers
arriving in the city, that our shelves are now filled
with a beautiful stock of hats and mackin hats,
manufactured with an unusual degree of care, and
which, in point of fabric and style, will challenge
all competition. We would direct special attention
to the style and mode of shapening the brims of our hats,
by which we secure appropriateness to the size and
figure of the wearer.

Those members of Congress having their sizes re-
gistered with us, by sending their orders, will be fur-
nished at their quarters.

WARDROBE ARTICLES.

In this department we have our usual full supply of
wardrobe, toilet, and fancy goods, of the best quality.
We solicit an inspection of our stock, feeling con-
fident in being able to offer great inducements to pur-
chasers.

CONSUMPTION.

LOUIS FONTAIN, jr., partner of the firm of
Fontain & Son, Chemists and Prescription-
ists to the Royal University, Paris, has established
at Washington City, D. C., a depot for the sale of
the above celebrated compound, at Wm. Adams'
Bookstore, No. 3, Elliott's Buildings Pennsylvania
Avenue, near Jackson Hall, which they offer to
the American public as a *sure antidote for Con-
sumption*, in its advanced as well as incipient stages.
Acting directly upon the LUNGS, and arresting
their decay, it not only soothes and quiets at once
the distress and pain attendant upon this hereto-
fore regarded fatal disease, but restores the lungs
and their sympathizing organs, to *natural and healthy
action*. Accompanying each package are gen-
eral instructions and directions (translated) for its
use, adapted to all cases, and if strictly followed,
will not fail, in every instance—if the lungs are
not wholly consumed—of restoring to health
which may be permanently secured by future care
and avoiding too much exposure to atmospheric
changes.

Price, eight Francs.

For the information of persons residing in
the interior; or any part of the government—he would
state that the remedy is prepared and imported di-
rect from their Laboratory, Paris, and that the same
can be transported through mail, as he is ad-
vised by officers of the Post Office Department, to
any post office in the country, at the same charge
as for a double letter. Any person, therefore,
residing distant from this city, who may wish to
avail themselves of the remedy, can do so by ad-
dressing him through the mail, post paid. Two
dollars accompanying an order, will entitle a per-
son to one whole and one third package.

LOUIS FONTAIN.

COLLETON BITTERS.

These Bitters are *purely a vegetable com-
pound*, and are offered to the public from
principle of benevolence, under the fullest con-
viction that they will be found a safe and sovereign
remedy for *Dyspepsia*. They have been trium-
phantly tested, not only by some of the most re-
sponsible families and physicians in the State of
South Carolina, who have furnished ample testi-
mony as to their decided excellence, but also by the
proprietor, who, for ten years, suffered all the gloom
incident to that stubborn and distressing disease.

They possess the peculiar excellence, denied to
most other Bitters, of not proving injurious by con-
tinued use. They contain not a single deleterious
ingredient, and, as seen from the directions which
accompany each bottle, may be given with entire
safety to an infant in the month.

With pleasure, and for the benefit of mankind, I
send you a certificate relative to the Colleton Bit-
ters.

In the year 1838, when the cholera was in
Charlotte, S. C., I was compelled to send a servant
to the city. On his return, he was suddenly at-
tacked with most violent pain in his bowels, so much so
as to cause apprehension that he would expire in a
short time, if medical aid could not be procured. I
immediately resorted to the Colleton Bitters, by giv-
ing a wine glass full at a dose. In the course of a
very short time it acted as an emetic, and throwing
him at the same time into a profuse perspiration. I
then continued to give it in small doses, from two to
three tea spoonsful, which resulted in a happy re-
covery. Since then I have been using it constantly
in my family, in cases of cholera morbus, cholera
infantum, diarrhoea and general debility, and in
every instance found it highly beneficial. Some
constitutions, however, require much larger doses
than others.

JOS. D. JENKINS.

Bluffton, S. C., 1846.

It is with feelings of gratitude as well as pleasure
that I take this method of giving my testimony of
the great estimation which I entertain for your in-
valuable compound. In justice not only to the
benefit, but for the benefit of others who may be suf-
fering from the same malady, Dyspepsia, with which
I was for years afflicted, I feel it a duty incumbent
on me to state that I am now restored to perfect
health. When I commenced taking the Colleton
Bitters it was as a last resort. My debility from
indigestion was so great that a cup was looked upon
as almost impossible. After taking it regularly and
perseveringly for some time, my strength and di-
gestive powers were entirely restored. I have never
taken a single dose of any other medicine for more
than five years past. I can now eat the richest food
without any unpleasant feelings whatever. I have
also used Colleton Bitters freely in my family for
cholera infantum, cholera morbus, general debility,
and as a tonic after fever, with great success. As a
family medicine I deem it invaluable, and do con-
scientiously recommend it.

Dr. Christie's Galvanic Rings and Mag- netic Fluid.

THIS remarkable invention, which has received
the almost universal approbation of the medical
profession of Great Britain, comprises an entirely
new application of Galvanism, as a remedial agent
by means of which the ordinary Galvanic Batteries,
Electric and Magnetic Machines, &c. are entirely
dispensed with, and the mysterious power of Galvan-
ism applied without any of the objections which are
inseparable from the general mode now in use.

The Galvanic Rings have been used with entire
success in all cases of rheumatism, acute or chronic,
applying to the head, face, or limbs; gout, tic-dol-
lor, toothache, bronchitis, vertigo, nervous or sick
headache, indigestion, paralysis, palsy, epilepsy, fits,
cramp, palpitation of the heart, apoplexy, stiffness of
the joints, spinal complaints, lumbago, neuralgia,
nervous tremors, dizziness of the head, pains in the
chest and side, general debility, deficiency of ner-
vous and physical energy, and all nervous disorders.
In cases of confirmed dyspepsia, which is simply a
nervous derangement of the digestive organs, they
have been found equally successful. Their extra-
ordinary effects upon the system must be witnessed
to be believed, and as a certain preventive for the
preceding complaints they are equally recommended.

The Rings are of different prices, being made of all
sizes, and of various ornamental patterns, and can
be worn by the most delicate female without the
slightest inconvenience. In fact, the sensation is
rather agreeable than otherwise.

THE GALVANIC BELTS, BRACELETS, BANDS, GAR-
TERS, NECKLACES, &c. &c.—These articles
are adapted to the waist, arms, wrists, limbs, ankles, or
any part of the body with perfect convenience. The
Galvanic Necklaces are used with greater benefit in
cases of bronchitis or affections of the throat gener-
ally; also, in cases of nervous deafness; and with
almost uniform success as a preventive for apoplexy,
epileptic fits, and similar complaints.

Christie's Magnetic Fluid is used in connexion
with the Galvanic Rings, and all their modifications.
This composition has been pronounced by the
French Chemists to be one of the most extraordi-
nary discoveries of modern science. Full explana-
tions and directions accompany it. The combined
inventions are in every way perfectly harmless; they
are at prices within reach of all, and the discoverer
only requests a fair trial, as a test of their surprising
efficacy and permanent benefit.

CHRISTIE'S GALVANIC STRENGTHENING PLAS-
TERS.—These articles form another valuable applica-
tion of the mysterious influence of Galvanism. They
are an important adjunct to the genuine Galvanic
Rings and their modifications, acting upon the same
principle, but having the advantage of more local ap-
plication. They are confidently recommended as a
valuable addition in the speedy cure of rheumatism,
acute or chronic; in all nervous complaints, and as a
positive remedy in cases of pain and weakness in the
chest or back, pain in the side, in asthmatic affections,
and in weakness or oppression of the pulmonary or-
gans. In spinal complaints their effects are of the
most decided character, and they have often been
used with complete success. They are also of the
greatest advantage in pains and weakness of the
breast, and are highly recommended for many of
those complaints to which females are especially li-
able. As an effectual means for strengthening the
system when debilitated with disease and other causes,
as a certain aid in constitutional weakness, as a
preventive for colds, and in all affections of the
chest generally, the Galvanic Strengthening Plas-
ters will be found of great and permanent advan-
tage.

CAUTION. The celebrity and success of
these articles have caused them to be counterfeited
by unprincipled persons. Dr. Christie cautions the
public against spurious imitations. He has but one
authorized agency in each city of the Union, where
the genuine articles can be procured. The only
agents for Washington are—

Nos. 1 and 2 Brown's Hotel, Penn. avenue.

it.

CHAUNCEY WARRINER has recently added

to his facilities for manufacturing parts of

that purpose; and having obtained knowledge of
Watch Repairing by practice in Boston, New York,
Philadelphia and elsewhere, will be able to attend to
whatever may be offered in this department of me-

Fourth and Sixth streets, on the corner of
the alley east of Coleman's Hotel, sign of the
Watch with Gold-Key and Chain and Models rep-
resenting the exterior of a self-registering Meteorologi-
cal Observatory.

The above location is in part occupied by STE-
PHEN EDDY, who deals in the American manu-
factured Patent improved Periscopic Spectacle Lens,
an instrument evidently destined to supersede all
other aid to the human vision; judging from testi-
monies of their superior properties over other lens,
it will only be necessary to refer to observation and
facts to establish for them a far higher character for
usefulness than has hitherto been attained by the
efforts of art and science.

S. Eddy also deals in Jewels, fine Watches, Sil-
verware, Brown's and other Gold Pens.

The public are respectfully invited to call, particu-
larly those afflicted with defective vision, and con-
siderable as its preservation and improvement is a
little attention in the selection of glasses will accom-
plish the one, in some instance both. It is highly
important to see clearly.

Jewelry repaired, and all kinds of Gold and
Silver Work made to order. Old gold and silver
bought.

THE subscriber would respectfully inform his
friends and the public generally, he has com-
menced the boot and shoe business in all its various
branches on the south side of the avenue, opposite
Wm. Marshall's auction store. My stock is all fresh
new goods, just purchased at the north, and will be
sold for a small advance on the cost price for cash,
and cash only; for, in commencing business again,
I intend to sell for cash, and not, as is too often the
case, to feel free on credit, lose large sums of money.
The public are respectfully invited to call, and be
in part at least, the losses sustained by the credit
system. I have had at least six years' experience to
convince me that the credit business, as conducted in
this place, is neither just to the buyer nor seller—there-
fore my determination to do a cash business. I am
determined to sell for exceedingly small profits, and
sell quick, knowing that a nimble sixpence is better
than a slow shilling. I respectfully ask of my friends
and the public generally a share of their patronage.
